This Report

Al-Zaytouna Centre is pleased to present to its readers the Palestine Strategic Report (PSR) 2018–2019, the 11th PSR to be published.

With an academic methodology and comprehensive, and objective approach, the report comprehensively details developments concerning the Palestine issue and provides the latest information and data available at the end of 2019, along with analyses and forecasts running into 2020–2021.

This report is the result of collaborative work between 14 experts and researchers. In eight chapters, it addresses the internal Palestinian scene; Palestinian demographic and economic indicators; the situation in Jerusalem and the holy sites; the specifics of Israeli aggression, Palestinian resistance and the peace process; the complexities of Israeli-Palestinian dynamics, including the internal situation in Israel; and Palestine's Arab, Islamic and international relations.

The PSR now occupies a prominent position as an indispensable reference document, integral to Palestine studies and research. Al-Zaytouna Centre hopes the PSR will continue to make valuable contributions in this field.
