This Report

Al-Zaytouna Centre is pleased to present to its readers the Palestine Strategic Report (PSR) 2020–2021, the 12th PSR to be published.

With an academic methodology and comprehensive objective approach, the report details the developments concerning the Palestine issue and provides the latest information and data available at the end of 2021, along with analyses and forecasts.

This report is the result of collaborative work of 15 experts and researchers. In eight chapters, it addresses the internal Palestinian scene; Palestinian demographic and economic indicators; the situation in Jerusalem and the holy sites; the specifics of Israeli aggression, Palestinian resistance and the peace process; the internal situation in Israel, politically, economically and militarily; and Palestine's Arab, Islamic, and international relations.

The PSR now occupies a prominent position as an indispensable reference, integral to Palestine studies and research. Al-Zaytouna Centre hopes the PSR will continue to make valuable contributions in this field.
